

BARREL AND WEDGE ANCHOR

BLW

With Verification Indication

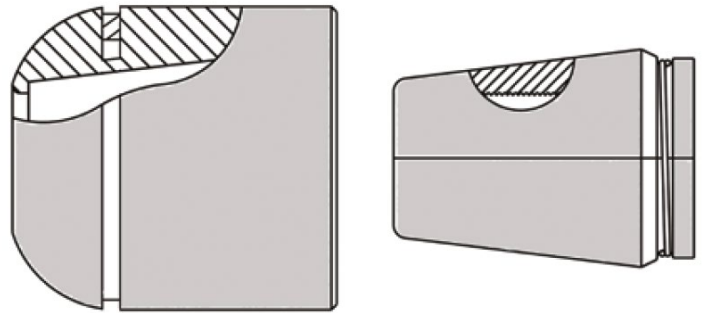

Product Code Guide	Product Type	Suit Cable Diameter	Wedge type	Barrel Type	Indicator Load
	BLW	1500	3	D	V10KN

Physical Properties

Length	Diameter	Nett Weight
mm	mm	kg
60	42	0.50

Key Features

- The indicator barrel and wedge anchors provide visual verification that the assembly has been loaded to 10kN.
- Designed to suit 15.2mm x 7 wire strand cable bolts, the barrel and 3 segment wedges are used to secure roof plates and support the rock face.
- The indicator is a white plastic band which is extruded around the barrel either by pretension or ground loading above 10kN of cable tension.
- Available in flat or dome configuration to suit flat or domed plates.
