

Product Code	Spanner	Length	Secondary End	Primary End
	mm	mm	mm	mm
SPNADAP1	36 A/F	100	22 Hexagonal	20 Thread Bar
SPNADAP3	36 A/F	130	22 Hexagonal	20 Thread Bar

## Key Features

- These spanner adaptors, commonly called “spin adaptors”, are designed to be multi purpose tools to suit the installation of thread bar using a number of drive types.
- The body of the adaptor is manufactured from hexagon bar and is case hardened to provide wear resistance.
- Each spin adaptor is electroplated yellow in colour for corrosion resistance and to assist in visibility underground.
- The hexagon body is 36mm across flats and will fit spanners used to tighten nuts on chemical type rock bolts. Larger hexagon sizes are available by negotiation.

## Packaging

- Supplied as required.

## Notes

- Only DSI Underground rock bolt components should be used to enable the optimum performance of the bolt system to be obtained.
- DSI Underground Mining Products Division is Quality Assured to ISO 9001:2015.
